Come and paint with the colors of your imagination: 22 beautiful colors of non-toxic liquid tempera paints, high quality acid free paper, and a wide range of oil pastels for drawing. There will be time for individual attention to each student. We will explore a variety of exercises designed to expand the use of materials and techniques, while leaving plenty of time for individual painting and drawing process, in a safe and non-judgmental atmosphere. Classes taught by Beth Hird, founder of Dancing Paintbrush Studio. Beth holds a Master of Fine Arts, and has been teaching art to children and adults since 1986.
